

# Global Plan to End TB 2023-2030

**Paula I. Fujiwara, Chair, Task Force of the Global Plan to End TB 2023-2030**

*Stop TB Partnership Board of Directors Meeting*

*19 May, 2022*

# Outline

- Process of Development
- Resource Needs
- Impact and Priority Actions
- Promoting Global and Country-level Advocacy Plans

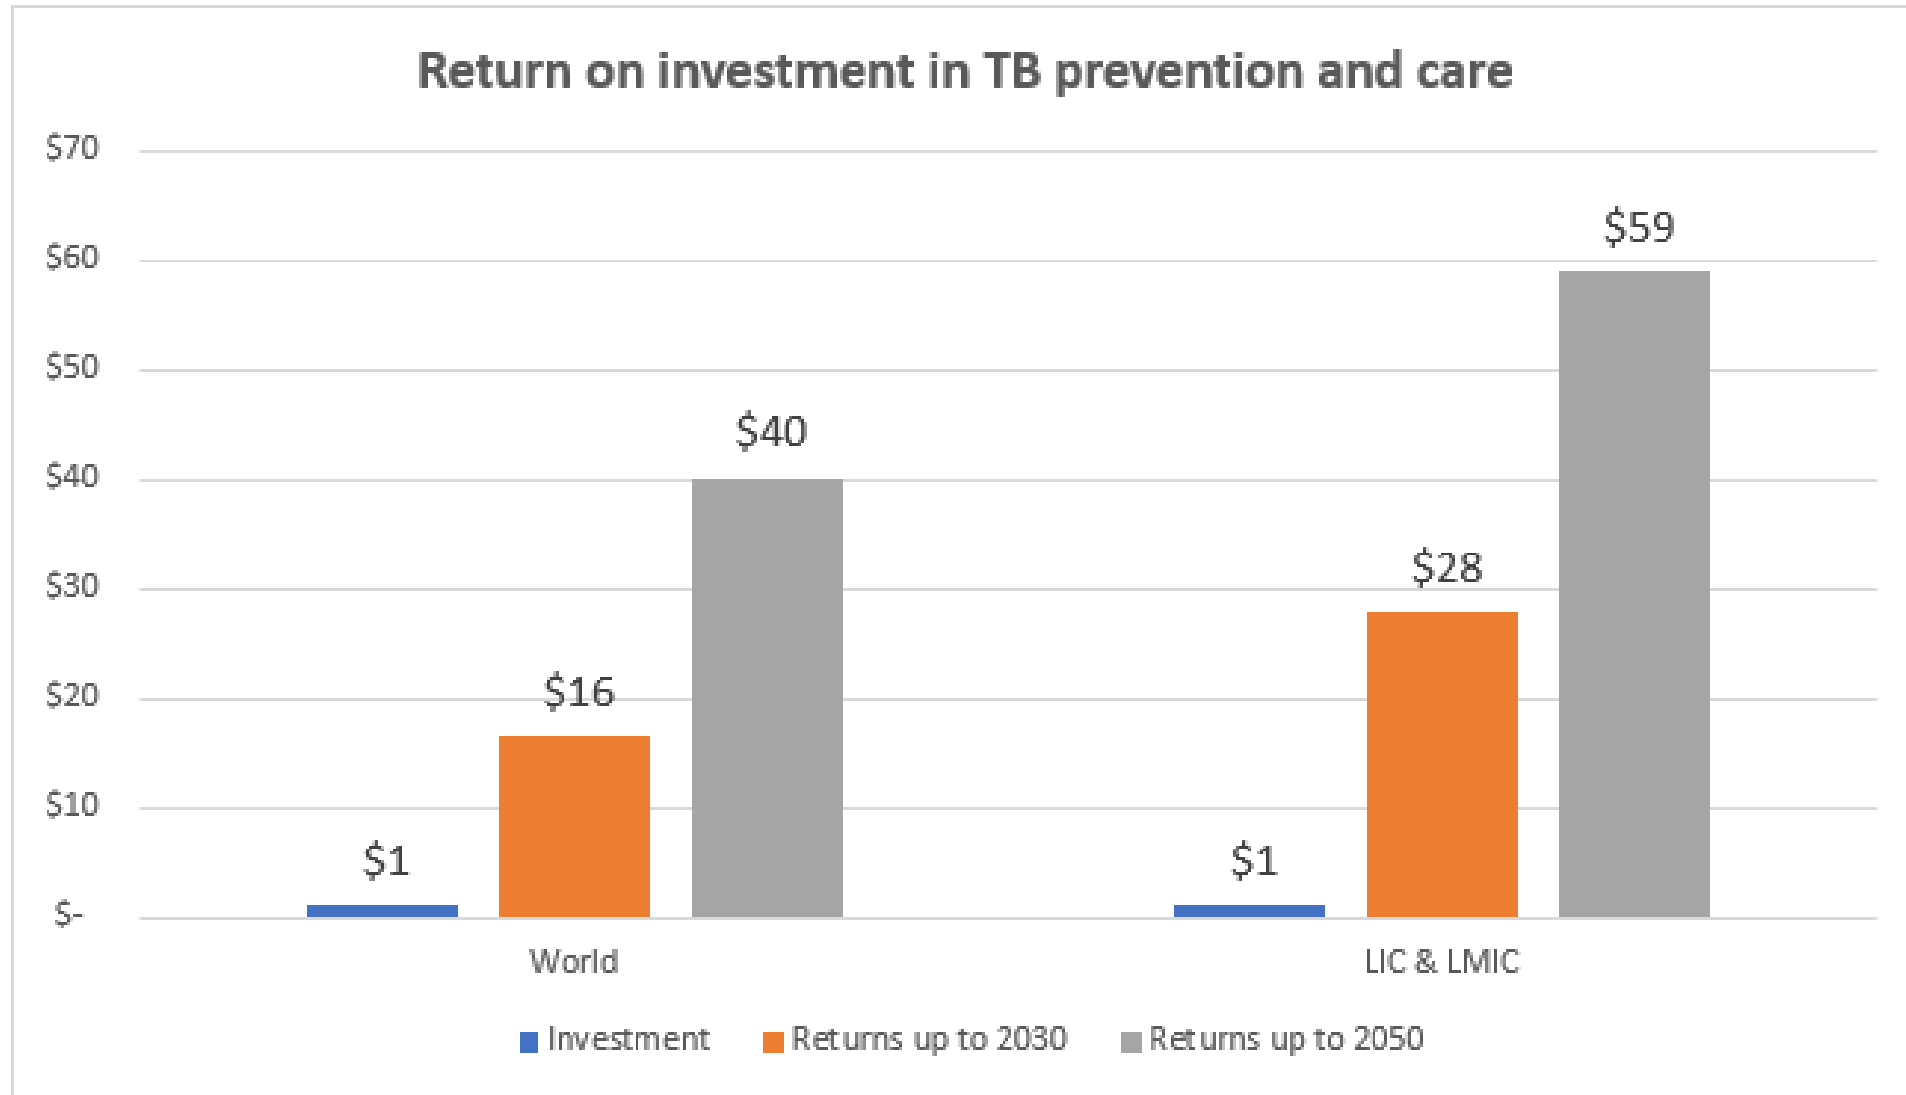

## Global Plan to End TB 2023-2030

- Nov 2020, Sept 2021: New GP requested by BOD
- Inclusive process
  - **24** Task Force members – diverse expertise, met 10 times
  - **7** regional consultations -- **310** participants
  - Modeling and costing team
  - Writing team
  - **2** online surveys: (future priorities; advanced draft)
    - **166** responses from **65** countries

# Global Plan Resource Needs, 2023-2030

# Return on Investment in TB Prevention and Care

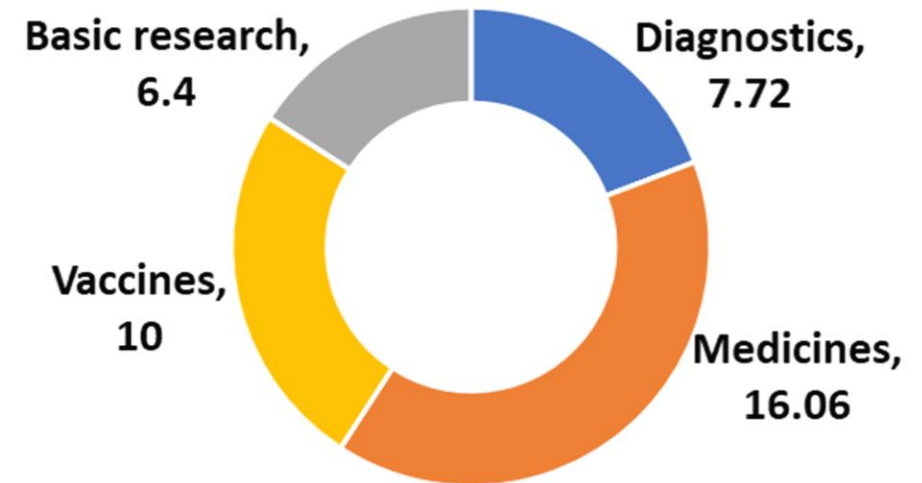

## Resources Needed to End TB, 2023-2030

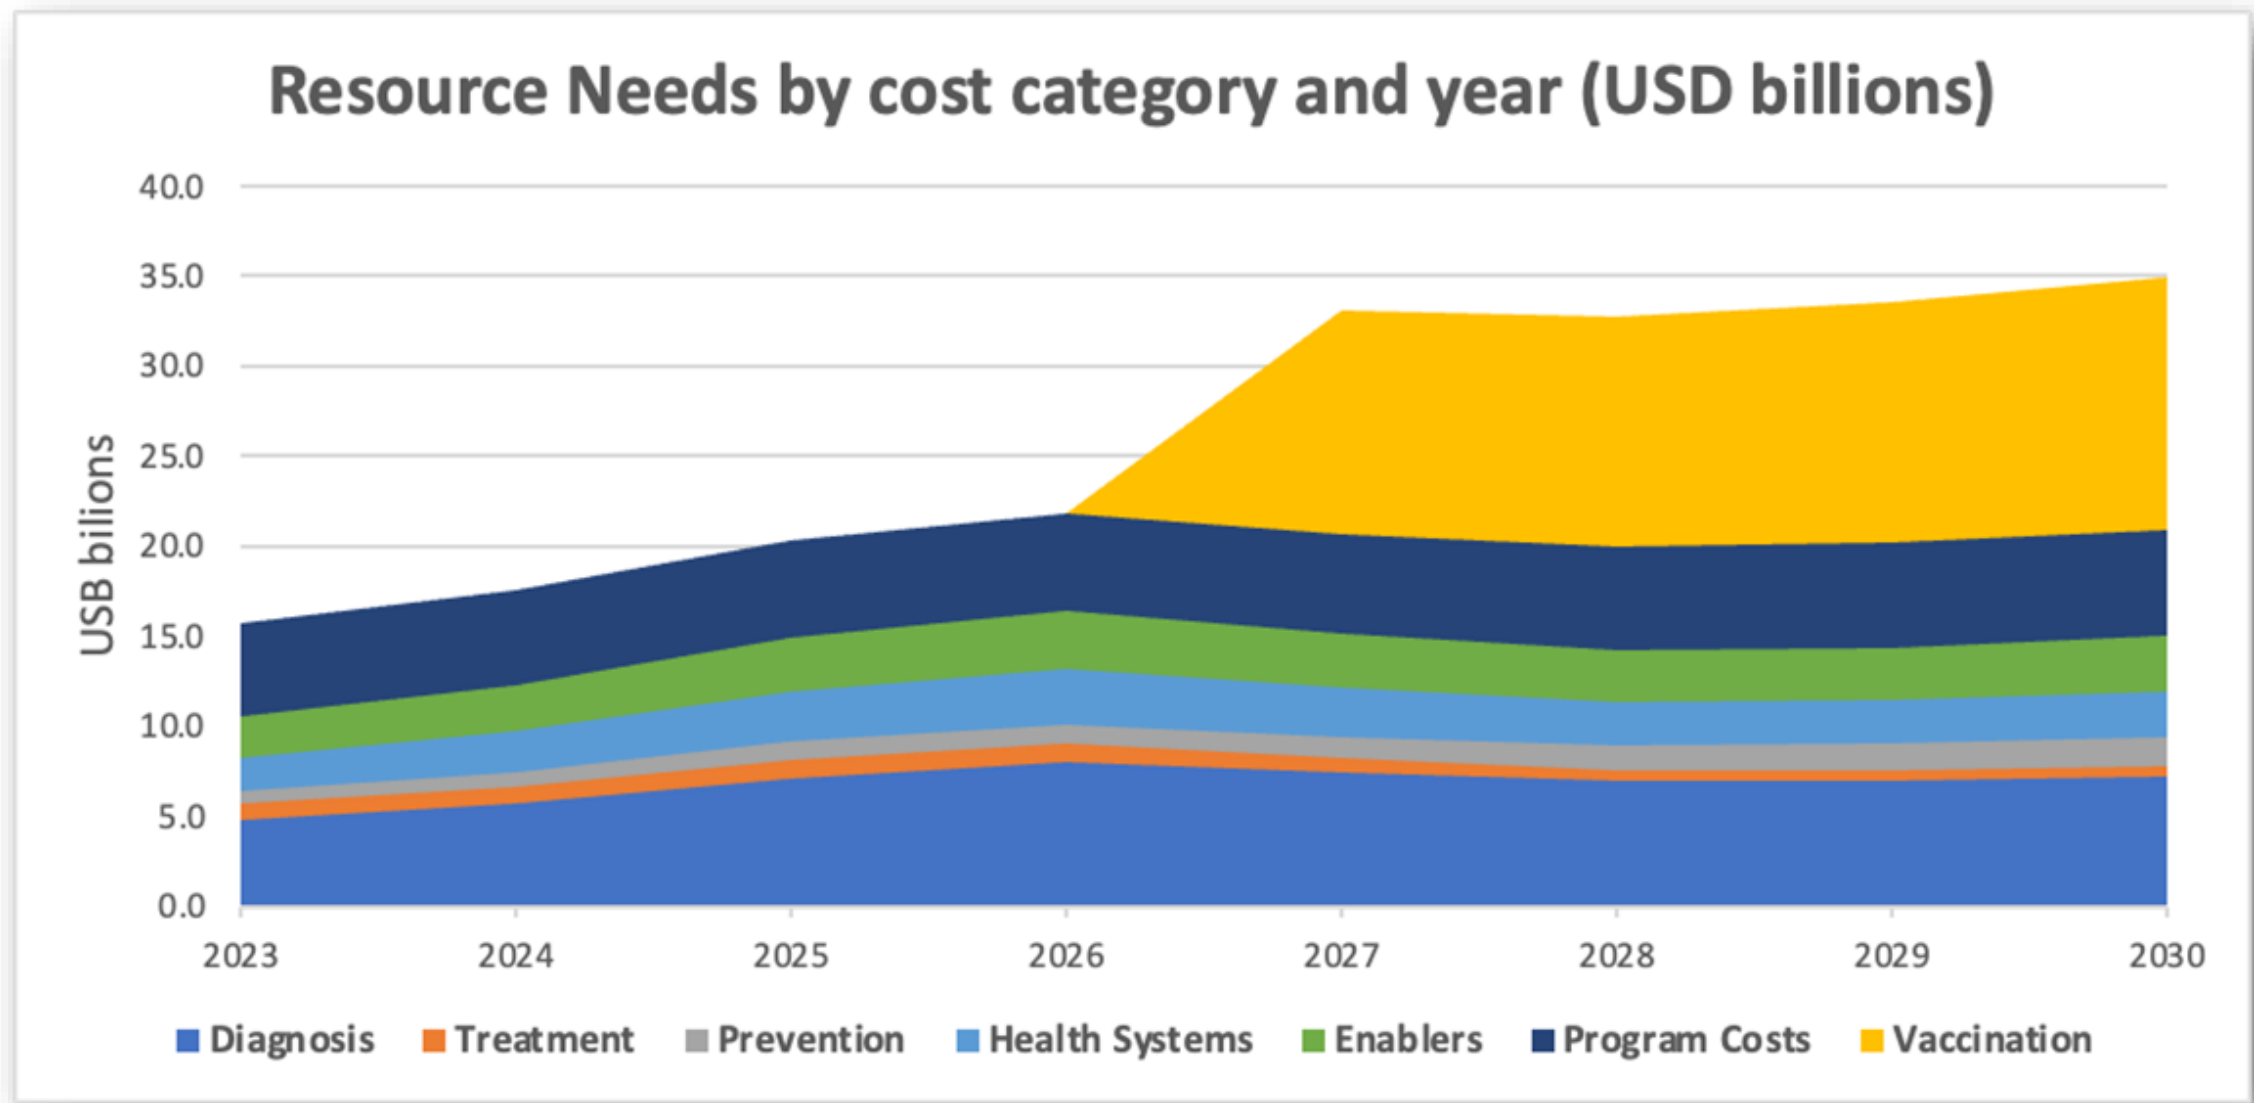

Resource needs in US\$ billions, 2023-2030  
Total US\$ 249.98

Resource needs for R&D in US\$ billions

# Resources Needed for Care, Prevention and Vaccination

# Global Plan Impact and Priority Actions, 2023-2030

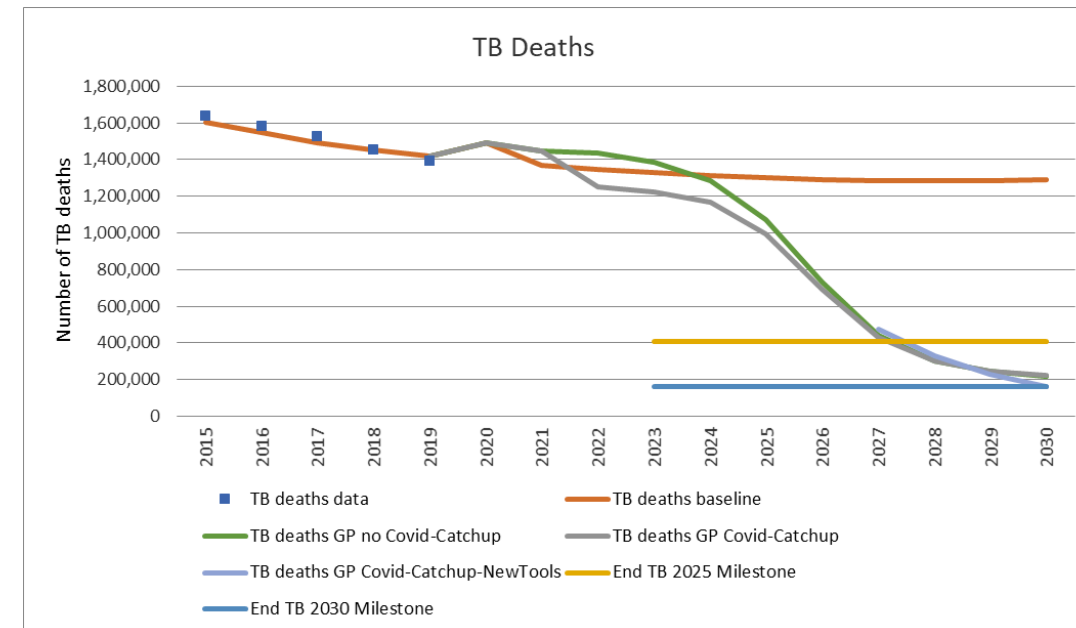

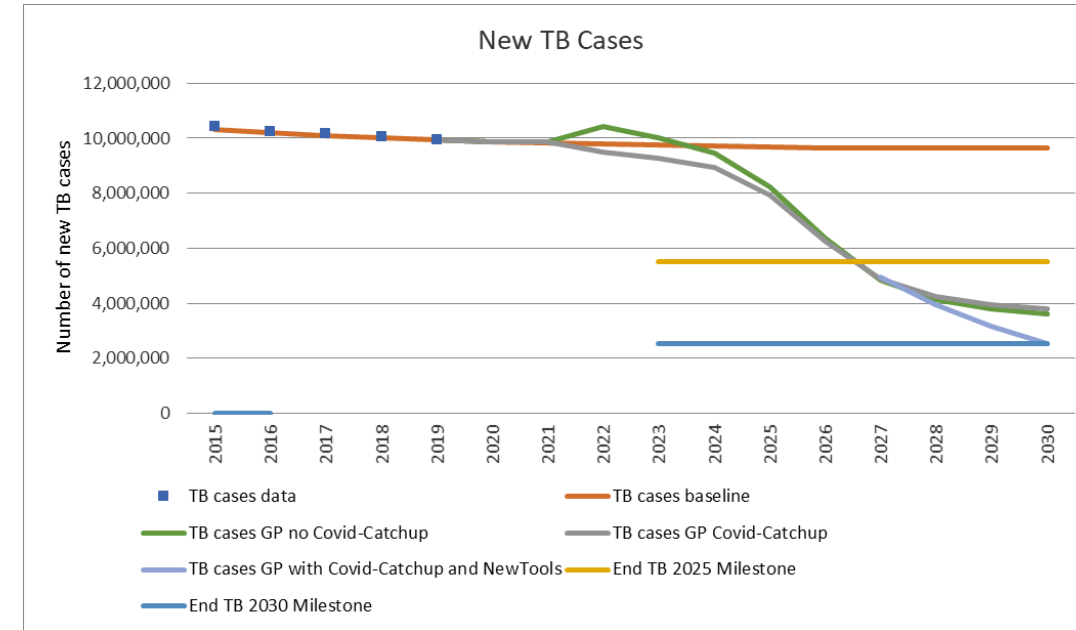

## Projected Impact by 2030

- $\geq 95\%$  diagnosed
- All high-risk and key & vulnerable pops periodically screened
- 50M access tx, including 3.7M children and 2.2M with DR-TB
- 35M access TPT
- $\geq 1$  TB vaccine for widespread use by 2026

Compared to 2015 baseline:

- 80% decline/yr/100 000 pop
- 90% decline/yr in deaths

# Global Plan Priority Actions - 1

Chapter	Key Priority Actions	Advocacy Opportunity
1. Introduction	n/a	SDGs, 2023 HLM, G20
2. Needs to reach targets	invest in comprehensive interventions, scale up to meet targets	Focus on country-level needs; establish new targets at 2023 UNHLM
3. TB Care	People-centred care: Early dx (subclinical); screen w/ other health risks; avoid catastrophic costs; strengthen procurement/supply chains	Re-imagine TB care
4. TB Prevention	Address underlying risk factors; TPT; AIPC; new vaccines	Leverage global focus on airborne disease prevention; prep for new vaccines
5. Stakeholders: communities, private sector	Increased \$\$ for communities; community/home-based models; PPM; partnerships	Mobilize communities; decentralize TB services; bring in new partners

## Global Plan Priority Actions - 2

Chapter	Key Priority Actions	Advocacy Opportunity
6. PPR, UHC, Socioeconomic Actions	Expand access through UHC efforts; position TB at center of PPR, invest in poverty alleviation	Link with SDGs, mobilize efforts via other development and health security initiatives
7. Vulnerable pops, rights, gender, stigma	Human rights; eliminate TB stigma and discrimination; be gender responsive; reduce stigma; reach key vulnerable pops	Mobilize rights- and justice-based response
8. R&D for new tools	accelerate R&D, deliver new tools; create R&D enabling environment; engage communities; ensure access; strengthen new tools advocacy	Mobilize resources by bridging gap between R&D and advocacy communities; cultivate new funding sources for TB R&D
9. Resources needed; ROI	Mobilize US\$209.9B for dx, care, support, US\$40.2 for R&D; diversity funding base; strengthen global advocacy and comms	Achieve \$40:\$1 ROI; avoid massive cost of inaction
