

EMR-GLC updates for 2014

DR ESSAM EL MOGHAZY
HEAD OF EMR-GLC
OCTOBER 2014

2014 activities

2

- The EMR green light committee conducted the third meeting during April 2014 and is planning to conduct the fourth meeting during November 2014.
- The committee conducted TC during September to follow up on the implementation of the action plan 2014-2015.
- Continuous communication online is extended between countries, GLC secretariat and the members of the committee

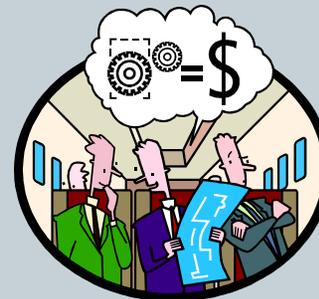

Review of the implementation of the work plan 2014-2015

3

The 2014-2015 work plan of the committee concentrated on the need to:

1. Strengthen planning for expansion of PMDT.
2. Strengthen HR capacity
3. Strengthen laboratory capacity
4. Drug management
5. Filling financing gap
6. Monitoring and OR

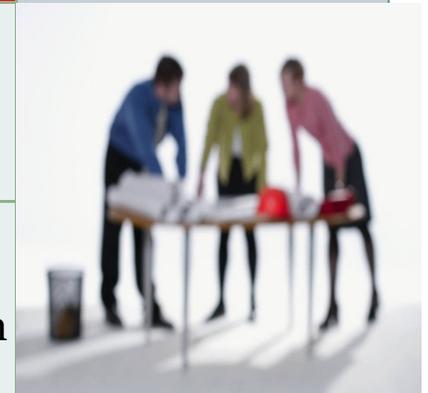

The above mentioned areas of activities were selected based on regional situation analysis and update of the regional strategic plan.
